- Important Notes regarding Proof of Payment
  - Proof of Payment submitted includes additional funding.
    - A statement is needed to explain what other funding is being used.
      - No other federal funds can be matched with ARPA funding.
      - There will also be a requirement to provide additional documentation that shows each of the expenses that added up to the full payment, such as:
        - Individual invoices, including those that are not related to ARPA
        - A statement to explain that these other invoices were not ARPA related activities.

Example: The locality has an ARPA allocation of \$30k, but you provide a cancelled check and an invoice for \$35k. The locality will need to supply a statement explaining the source of the extra \$5k in funds.
